All selected artists are responsible for the production, preparation, mounting/ framing/mastering, management, delivery, transportation and return of their work to and from Derby for exhibition during the full festival period. The FORMAT Team may be able to support some artists with production or transportation bursaries as relevant, this will be decided by the festival team. The FORMAT team will install all of the exhibitions, but artists may be involved with the installations as relevant.

All exhibitions will be installed between throughout February 2023; selected works must be available and in Derby for installation during this period. Exact install dates will be discussed and agreed with each artist directly and will depend on the venue and support needed. All exhibitions must be installed by the end of the 13th March 2023. The festival launch takes place on 16<sup>th</sup> March 2023.

Selected artists who are recipients of the Spectrum Print Award will receive a bursary towards the printing costs of their work. The selected Spectrum Print Awarded artists are responsible for the preparation and delivery of digital files to Spectrum within a stated deadline. In order to achieve high quality exhibition-ready content within strict deadlines, it is vital that the artist engages in conversation with Spectrum to ensure both parties understand printing requirements and expectations. If the artist continuously fails to communicate with Spectrum in regard to the printing of their work then FORMAT can unselect them from the Festival programme.

If the artist wishes to keep their work after exhibition it is the artist's responsibility to collect their work in person from Derby or organise and pay for the transportation of their work within the set deadline, failing this the work will be destroyed.

The delivery, install and return dates will be clearly stated in an exhibition agreement should you be successful. Some installation support will be available at certain festival venues. Installation logistics will be discussed directly with each selected artist.

All selected artists will be included in the FORMAT23 publication, website and in major PR campaigns in print media and online. We care very much about the visibility and support for every photographer as the exhibitions are a core part of the FORMAT programme. Each artist will receive a dedicated page on our website and be part of FORMAT Festival's international marketing and PR campaigns.
